## Letters Home Project Instructions

Finished  
Project!

## Supplies

Follow Fabric Requirements from Vanilla House's Covered Up! Laptop Satchel Pattern # 93-3531

Fabric scraps for appliqué; we used silk dupioni to give our appliqués a touch of glam!

Isacord Thread; see shopping list for color selections

Spray Adhesive 505 Temporary

Ultra Clean & Tear Stabilizer

Badgemaster

## Instructions

1. We used STOF linen (#ST14-050-V10) in natural & (#ST15-210-V10) writing white to create our sample. To replicate this look follow pattern instructions for bag assembly.
2. To prepare linen for embroidery, take one layer of Badgemaster and spray with 505 Temporary Spray Adhesive. Then lay the linen on the Badgemaster and hoop being careful to avoid stretching.
3. Embroider designs that will fit inside your hoop then re-hoop as necessary to complete look. After embroidery is completed, carefully trim away the excess threads with scissors. To remove any remaining stabilizer, hand-wash the linen in warm (not hot) water Hang the linen to dry. Press the back side of the linen using a terry towel or pressing cloth, once it is completely dry.
4. When you're done you'll have a gorgeous and stylish laptop satchel for yourself or to use a lovely gift for a special someone!
